PRACTICE ON THIS MEETING!
Online meeting platforms are being used by APS and local stamp clubs

The CCSC Board members have had a trial and real Board meeting on Zoom meeting platform. We worked out some of the connection problems. Participants can connect with a computer or cell phone. Dr. Creely connects with his family daily including a granddaughter, who is living in Ireland. We can do it. The American Philatelic Society has access to meetings and videos for education. Go on the website and check them out. Locally, WaterWise has been conducting free seminars on water management and Chair Yoga. Great avenue for practice. Last week, I participated in an international conference on Zoom. There was central presentations and break out sessions for 89 participants around the world (Washington DC, Australia, India, Netherlands, England, and Canada). Dwayne Littauer attended a philatelic meeting in Baltimore via Zoom. He reported a successful interaction. We can do it. Then we can ask to do it from the library to give access to all CCSC members. For an abundance of care/concern for your health, follow through—join the online meeting.

1. Check out your options online to Zoom and/or Webex with your computer or phone.

2. Download directed systems.

3. Practice watching/participating in APS programs.

4. Monitor email sites for the latest CCSC information.

5. Register as directed for the CCSC meeting on May 12th 7pm

6. Get online and ready to join the meeting at EXACTLY 7 pm.

7. Mute your microphone after acknowledging presence.

8. Keep video on. Be prepared for presentation to take over the screen.

9. Note the chat room function to ask questions in writing or speak (raise your hand).

10. Get help from a grandchild, neighbor, or experienced CCSC member.
